Headteacher: Mrs Louise White

Photo consent - using images of children and examples of children's work

Occasionally, we may take photographs of children at our school and/or the work they produce either individually or in groups. We may use these images in (but not limited to) our school prospectus or in other printed publications that we may produce, as well as on our website, or on project display boards at our school. We may also make video or webcam recordings for school-to school conferences, monitoring or other educational use.

From time to time, our school may be visited by (but not limited to) the media or representatives of visiting dignitaries or guests who may take photographs or film footage of high profile events. Pupils and/or their work will often appear in these images, which may be published in local or national newspapers, on televised news programmes or social media platforms.

We are sometimes asked to write articles and/or provide accompanying images of pupils in relation to community projects or links, such as (but not limited to) The Bernwode News, Brill All Saints Church, Oxford Diocese etc.

To comply with the Data Protection Act 1998 and updated GDPR Regulations we need your permission before we can photograph or make any recordings of your child for such use.

Please indicate your consent preference via the Admissions Microsoft form.

If there is any statement you disagree with or have any queries regarding this matter please contact the School office.
