

## **Brill Competitive Sport Opportunities**

At Brill School we offer vast and varied competitive, sporting opportunities. Below is a flow diagram of the school's pathways and a more detailed overview of the competitions and festivals offered.

*Please note, all festivals and events listed below are subject to change and our engagement in them is dependent on many contributing factors; staffing, timetabling, availability, uptake from pupils and engagement from parents to support with transport. As you will see from the vast list below there are a breadth of sports offered and an even mix of participation, development and squad festivals, with an aim of us engaging as many pupils in competitive sport as possible.*

### **School Curriculum**

Lessons delivered to meet curriculum, with some aspects of competition, and a chance for staff to identify a promising talent or ability.

### **Intra-School Competition**

A chance for ALL children to get a taster of competition, within school, in their houses. This gives staff a further opportunity to identify children who show promise.

### **Extra-Curricular Clubs (after school)**

We deliver a vast range of clubs. Many of them have direct links to festivals and inter-school competitions. These clubs give children the chance to develop skills and give staff a chance to prepare children for festival competition.

### **Inter School Family Partnership Festivals**

An opportunity for children to compete against other schools in a competitive setting at a secondary school. The competition can be quite strong. We have 3 focuses for inter school festivals (participation, development and squad).

### **Inter School Buckingham or County Competitions and Partnership Festivals**

These festivals will only occur if our teams at Family Partnership Festivals have qualified. The County or Buckingham Sports Partnership Festivals are highly competitive and of a high ability level.

## Intra-School Competition

S4A sports festivals	Range of sports offered. <u>ALL festivals are participation festivals.</u>
Thame Partnership Sports Festival	Range of sports offered. <u>Mixture of participation and development festivals.</u>
Inter School Fixtures	Range of sports offered. <u>ALL festivals are participation festivals.</u>
