## **Introduction**

Religious Education is unique in the school curriculum in that it is neither a core subject nor a foundation subject but the 1988 Education Act states that 'Religious Education has equal standing in relation to core subjects of the National Curriculum in that it is compulsory for all registered pupils'.

Religious Education is taught in our school because it makes:

“a major contribution to the education of children and young people. At its best, it is intellectually challenging and personally enriching. It helps young people develop beliefs and values, and promotes the virtues of respect and empathy, which are important in our diverse society. It fosters civilised debate and reasoned argument and helps pupils to understand the place of religion and belief in the modern world”. (RE: realising the potential, Ofsted 2013).

At Brill C of E Primary School our vision is centred on a commitment to excellence in learning and high expectations, underpinned by the ambition to provide children with the opportunity to experience 'Life in all its fullness'. We aim to serve our community by providing an education of the highest quality within the context of Christian belief and practice and promote Christian values through the experience it offers to all its pupils. We take pride in providing strong pastoral support in a safe learning environment where every child and adult is valued and encouraged to achieve their full potential. We aim to prepare every child for the challenges and changes of the future by giving them opportunities so they can achieve the highest standards in their personal development. The school will preserve and develop its religious character in accordance with the principles of the Church of England and in partnership with All Saints Church Brill.

At Brill each child is at the heart of everything we do. We take pride in providing a safe learning environment where every child is valued. Our children are inspired to achieve their potential within an inclusive Christian community.

How we behave affects other people and so our behaviour and the way we live our lives is important. At Brill we encourage pupils to respect and value themselves and others, and to learn from each other. We believe that our behaviour is affected by our attitudes and that our attitudes are influenced by our beliefs. What we believe, whether religious or not, affects our behaviour and attitudes towards others and therefore it affects the community we live in.

RE helps our pupils and staff to reflect on the ways in which beliefs influence the way people live their lives.

At Brill we follow the ODBE scheme of work. This scheme is based largely on the Pan Berkshire Agreed Syllabus 2018-23, but covers the requirements of the Milton Keynes, Buckinghamshire and Oxfordshire Syllabi. Christianity is the main religion taught, in accordance with the national guidelines. We use the Discovery RE programme as our scheme of work.

Brill School is a Church School, therefore the provision of RE is in accordance with the Trust Deed of the School. The school adopts the Locally Agreed Syllabus and follows the Discovery RE programme. We supplement this with additional materials from Understanding Christianity where appropriate to enhance and support the teaching and learning of RE in classrooms.

This RE policy is informed by current national guidance:

- RE in English Schools: Non-statutory guidance 2010 ([https://www.gov.uk/government/uploads/system/uploads/attachment\\_data/file/190260/DCSF-00114-2010.pdf](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/190260/DCSF-00114-2010.pdf))

### **The aims of our RE, using the Discovery RE Scheme of Work**

Discovery RE meets the requirements of our locally agreed syllabus and is aligned to the non- statutory guidance described above.

By following Discovery RE at Brill C of E School we intend that Religious Education will:-

- **adopt an enquiry- based approach** as recommended by Ofsted, beginning with the children’s own life experience before moving into learning about and from religion.
- **provoke challenging questions** about the meaning and purpose of life, beliefs, the self, and issues of right and wrong, commitment and belonging. It develops pupils’ knowledge and understanding of Christianity, other principal religions, and religious traditions that examine these questions, fostering personal reflection and spiritual development.
- **encourage pupils to explore their own beliefs** (religious or non-religious), in the light of what they learn, as they examine issues of religious belief and faith and how these impact on personal, institutional and social ethics; and to express their responses.
- **enable pupils to build their sense of identity and belonging**, which helps them flourish within their communities and as citizens in a diverse society.
- **teach pupils to develop respect for others**, including people with different faiths and beliefs, and helps to challenge prejudice.
- **prompt pupils to consider their responsibilities** to themselves and to others, and to explore how they might contribute to their communities and to wider society. It encourages empathy, generosity and compassion.
- **develop a sense of awe, wonder and mystery.**
- **nurture children’s own spiritual development**
- *C of E church schools may add “Ensure that our Religious Education helps to develop religiously literate pupils as per the 2018 SIAMS inspection framework.*

### **How is RE organised in this school?**

Discovery RE brings together learning about and from religion, questioning and spiritual development in a comprehensive scheme of learning. Teaching strategies are varied and are mindful of preferred learning styles and the need for differentiation. Each enquiry starts from the children’s own life experiences using these as a bridge into the investigation of the religion being studied.

Learning is assessed and children have opportunity to express their own thoughts and beliefs and empathise with believers of that religion or belief position.

At Brill School, RE is taught weekly and lessons are delivered by class teachers. RE lessons are taught discretely and are linked back to the school vision ‘With the Wind in Our Sails We Shall Live Life in All It’s Fullness’ John 10:10. Reflecting the school’s vision as a Church of England school, leaders will ensure that sufficient dedicated curriculum time is given to RE reflecting the Church of England Statement of Entitlement.”

In accordance with the, Statement of Entitlement from the Board of Education/National Society Council RELIGIOUS EDUCATION IN CHURCH OF ENGLAND SCHOOLS, we aim to; ensure the teaching and learning of RE is treated with the importance and delivered with the excellence it deserves. It includes aims, outcomes, teaching and learning about Christianity, teaching and learning about other faiths and world views, curriculum balance, curriculum time, staff and outcomes for pupils. These areas raise important issues for policy making for schools and dioceses. They can be used with parents and staff to promote understanding of the value of RE as well as to support curriculum development and syllabus writing where appropriate.

Class lessons are supplemented with whole school Collective Worship held by member of the school and members of the church.

### **Differentiation/SEN**

Discovery RE is written as a universal core curriculum provision for all children. Inclusivity is part of its philosophy. Teachers will tailor each enquiry to meet the needs of the children in their classes. To support this differentiation, many enquiries suggest creative learning activities that allow children to choose the media with which they work and give them scope to work to their full potential. To further help teachers differentiate for children in KS1 and 2, each enquiry has exemplars for those children working towards the learning objective, at the expected level for this age group and those working beyond the expected level of achievement.

### **Assessment**

Teachers are eager to ensure children are making progress with their learning throughout their RE. Therefore, each enquiry has built-in assessment. This task is the formal opportunity for teacher assessment of the children's knowledge of that religion, depth of critical thinking, and ability to answer the enquiry question. This stand-alone evidence is used in conjunction with other evidence such as records of discussions and annotations from other lessons within the enquiry to assist the teacher in assessing whether a child is working at the expected level or towards or beyond it. Children are assessed over three aspects of learning:

- a personal resonance with or reflection on the material/religion being studied to answer the enquiry question.
- knowledge and understanding of the material/religion being studied to answer the enquiry question.
- evaluation/critical thinking in relation to the enquiry question

These are tracked throughout the planning stage so that teachers can utilise the appropriate evidence accordingly. In line with non-statutory guidance issued by the RE Council in 2013 (cited on page 1) descriptors of these aspects utilise age-related expectations of working towards, working at the expected attainment and working beyond.

### **Recording and tracking progress**

To support the teacher in tracking each child's progress throughout the year, there is an overview sheet for each enquiry on which to record the progress of the whole class. This supports teacher overview and facilitates subject leader monitoring and moderation. *C of E church schools may wish to add "this enables us to ensure that all children achieve well and make consistent progress*

### **Reporting to Parents/Carers**

The assessment process described above helps teachers report to parents/carers. Discovery RE enquiries give teachers meaningful evidence to cite in reports.

### **The Attainment Descriptors**

The attainment descriptors contained within Discovery RE are 3-fold to match with what the majority of schools are using, although their language may be different. *Here you can align the 3 Discovery RE titles with what your own school is using.*

### **Monitoring and evaluation**

The RE leader monitors delivery of the programme through observation and discussion with teaching staff, as well as discussions with children and scrutiny of their written work to ensure consistent and coherent curriculum provision.

Evaluation of the programme's effectiveness is conducted on the basis of:

- Pupil and teacher evaluation of the content and learning processes
- Staff meetings to review and share experience
- Monitoring of assessment to ensure progression throughout the school.

### **External contributors**

RE gives particular opportunities to promote an ethos of respect for others, challenge stereotypes and build understanding of other cultures and beliefs. This contributes to

promoting a positive and inclusive school ethos that champions democratic values and human rights. The British Values agenda is intrinsic to Discovery RE and a map of coverage is available on request. ***If appropriate: RE is an important subject in contribution to the school's development as a Rights Respecting School.***

External contributors from the community, e.g. local clergy, local members/speakers from other religions etc make a valuable contribution to the RE programme as do visits to places of worship. Their input is carefully planned and monitored so as to fit into and complement the programme.

Teachers are always present during these sessions and remain responsible for the effective delivery of the RE programme.

### **The Learning Environment**

Establishing a safe, open and positive learning environment based on trusting relationships between all members of the class, adults and children alike, is vital. To enable this, it is important that respect for each others' views and beliefs and those of the believers of that religion is encouraged at all times and that any artefacts are handled with respect and care.

### **Teaching Sensitive and Controversial Issues**

Sensitive and controversial issues are certain to arise in learning from real-life experience and discussing personal beliefs.

Topics are presented using a variety of views and beliefs so that pupils are able to form their own, informed opinions but also respect that others have the right to different opinions. Teachers should never feel obliged to discuss their own beliefs unless they feel comfortable doing so and can ensure that this will not influence or restrict the children's own expression. Brill's school vision 'With the wind in our sails we shall live life in all it's fullness' John 10:10 links to children's exposure to new and unfamiliar learning however ensuring that children feel safe and respected, enabling them to make the most out of their RE lessons in school.

### **Involving parents and carers**

The school believes that it is important to have the support of parents, carers and the wider community for the RE programme. Parents and carers are/will be given the opportunity to find out about and discuss RE through:

- \* Response to RE comments on reports
- \* Curriculum newsletters
- \* Displays
- \* (Where RE is integrated- topic based homework as appropriate).

### **Withdrawal from RE lessons**

Parents/carers have the right to withdraw their children from all or part of the Religious Education. Those parents/carers wishing to exercise this right are invited in to see the head teacher and/or RE Leader who will explore any concerns and discuss any impact that withdrawal may have on the child. The school will ensure that parents who want to withdraw their children from RE are aware of the RE syllabus and that it is relevant to all pupils, and respects their own personal beliefs. Parents will be made aware of the learning objectives and what is covered in the RE curriculum and should be given the

opportunity to discuss this, if they wish. The school may also wish to review such a request each year, in discussion with the parents.

The use of the right to withdraw should be at the instigation of parents and it should be made clear whether it is from the whole of the subject or specific parts of it. No reasons need be given. Where parents have requested that their child is withdrawn, their right must be respected, and *where RE is integrated in the curriculum, the school will need to discuss the arrangements with the parents or carers to explore how the child's withdrawal can be best accommodated.* Once a child has been withdrawn they cannot take part in the RE programme until the request for withdrawal has been removed.

As a school it is our duty to inform our local Standing Advisory Council on RE regarding the numbers of children being withdrawn.

### **Links to other policies and curriculum areas**

We recognise the clear link between RE and the following policies and staff are aware of the need to refer to these policies when appropriate.

- *Collective Worship*
- Teaching and Learning Policy
- Equal Opportunities Policy
- Child Protection Policy
- *SMSC Policy*
- *British Values*
- *Prevent Strategy*

### **Training and support for staff**

All staff benefit from training in order to enhance their RE delivery skills. Opportunities are provided for staff to identify individual training needs on a yearly basis and relevant support is provided.

In addition to this, support for teaching and understanding RE issues is incorporated in our staff INSET programme, drawing on staff expertise and/or a range of external agencies.

### **Dissemination**

This policy is available on our school website where it can be accessed by the community. Training is regularly delivered to staff on the policy content. Copies are available from the school office on request from parents/carers.
